### SUITABILITY GUIDE

## Blue Tongue Starter Kit

### Each kit contains:

- 1 x 100W Dome Reflector
- 1 x Ceramic Lamp Holder
- 2 x Lamp Holders
- 1 x 5.0 UVB 13W Compact Lamp
- 1 x 100W Daylight Heat Lamp
- 1 x 7W Heat Mat
- 2 x Corner Dishes for food and water
- 1 x Evergreen Ornament Plant
- 1 x Hide Log with holes
- 1 x EziStat Digital Thermostat

### Suitable for Blue Tongues

#### Features & Benefits:

- EziStat Thermostat unit allows you to accurately control the temperature inside your terrarium. The EziStat is easy to use and suitable for controlling up to a maximum of 400watts to various heating sources including heat

lamps and heat mats.

- 5.0 UVB 13W Compact Lamp produces UVA and UVB spectra found in sunlight. The company lamp assists in natural production of vitamin D3 and promotes feeding, breeding and healthy growth rates.
- Dome Reflectors are designed to direct heat and light produced by a heat lamp towards an intended basking site.
- Lamp Holders are designed to provide a secure mounting point for your Heat Lamp on virtually any surface.
- Ceramic Lamp Holder is made from high quality and thermally ceramic fitting; it's the flexible solution for installing light bulbs in your enclosure.
- 7W Heat Mat are designed to include a built-in thermal safety cut off, ensuring safety from potential overheating.
- Durable corner bowls blend into your reptile's environment. Perfect for food and water.
- 100W Daylight Heat Lamp is used to provide intense light and optimum heat conditions during daylight hours over a selected basking point such as a rock or log. These lamps are ideal for diurnal, sun-loving animals that will be attracted to a bright light source.
- Hide Log with Holes assists with replicating a natural environment while providing a cooling off area or a hide for your blue tongue lizard.
- Evergreen Plant provides a sense of security for reptiles that require shelter or camouflage.

### Bearded Dragon Starter Kit

#### Each kit contains:

- 2 x 100W Dome Reflectors
- 2 x Lamp Holders
- 1 x 10.0 UVB 26W Compact Lamp
- 1 x 100W Infrared Heat Lamp
- 1 x 7W Heat Mat
- 2 x Corner Dishes for food and water
- 1 x Build N Bask basking ornament
- 1 x EziStat Digital Thermostat

#### Features & Benefits:

- Build N Bask ornament encourages the bearded dragons natural climbing and basking behaviours.
- EziStat Thermostat unit allows you to accurately control the temperature inside your terrarium. The EziStat is easy to use and suitable for controlling up to a maximum of 400watts to various heating sources including heat lamps and heat mats.
- 7W Heat Mat are designed to include a built-in thermal safety cut off, ensuring safety from potential overheating.
- 100W Infrared Heat Lamp provides a soft light output while providing the optimum heat conditions.
- 10.0 UVB 26W Compact Lamp produces UVA and UVB spectra found in sunlight. The company lamp assists in natural production of vitamin D3 and promotes feeding, breeding and healthy growth rates.
- Durable corner bowls blend into your reptile's environment. Perfect for food and water.
- Dome Reflectors are designed to direct heat and light produced by a heat lamp towards an intended basking site.
- Dome Reflector Holders are designed to provide a secure mounting point for your Heat Lamp on virtually any surface.

#### Suitable for Bearded Dragons

### Suitable for Pythons

### Products to suit this range:

Reptile One's RTF Terrariums provides maximum functionality for terrestrial and arboreal reptiles.

The removable mesh lid and hinged glass doors with locks provide a terrarium that is easy to access and secure. The superfine, high strength wire mesh lid with pre-cut holes improves ventilation while allowing for heating and

lighting accessories to fit neatly within the enclosure. The convenient cable outlet dial enables electrical items to be used inside the terrarium.

### Notes, Hints & Tips:

- Regular cleaning of your terrarium and accessories is recommended. When cleaning, DO NOT use harsh household cleaning chemicals as it may be harmful to your animal. We recommend using Reptile One Cage Cleaner (#46225 or #46227), a scientifically formulated combination of bio-degradable detergent and powerful antibacterial agents.
- Make sure you rinse bowls and accessories under warm clean water before placing them into the enclosure.
- When placing decorations/ornaments in your terrarium ensure they are securely placed so that they cannot fall over.
- Enclosure and substrate sold separately.
